

# PHILIPS

## EasyKey

Deadbolt Lock

DDL210S-13H

## Fingerprint access

### Instant and accurate authentication

Your fingerprint is your key! This lock can record up to 20 fingerprints and 20 PIN codes.

### Keyless entry

This lock stores up to 20 PIN codes and 50 fingerprints. Unlocking your door with a PIN code or fingerprint is much easier and faster than using a key. With the auto lock setting, you do not have to worry about forgetting to lock the door.

### Voice guide

Voice guidance guides you through configuration of the lock without the need for an instruction manual. English, French, and Spanish voice guides are available.

### Ultra-long battery life

This electronic door lock consumes little power and lasts up to 1 year\* with 4 AA alkaline batteries. When the batteries run low, a low battery alert will remind you to change your batteries, preventing a lockout.

### Multiple alert function

This electronic door lock is equipped with a lockout alarm, a low battery alert, away mode for vacations, privacy mode and other security features to ensure the safety of your home at all times. Safer and more secure, Philips electronic deadbolt brings a new smart experience.

\*1 year: This refers to the average time determined by an internal test lab. It is based on the use of PIN code unlocking 8 times, 8 times auto locking, 4 times manual unlocking, 4 times manual locking per day. Actual time may vary due to different usage frequency.

## Biometric Identification

When you come home, you no longer need to look for the key on the door, just a gentle touch of your fingerprint is enough to unlock the door. Biometric fingerprint identification technology improves the accuracy of fingerprint recognition. Counterfeit fingerprints are rejected, which enhances security.

## Modern design

Modern design fits your door. High quality touch screen keypad, available in multiple finishes. This digital door lock improves doors of any style.

## Easy installation

The door lock installs in minutes with just a screwdriver and is suitable for most standard door preps.
